

Here's some fun ways to practice geometry!

We made our Geometry Buddies Worksheet and each week the kids added a new face.

They really enjoyed adding a new face to each shape, it made it more "personable" and fun. For older students, you can use the flaps without the face. They can say the formula and then self-check by opening the flap.

Here's the finished product (my kids work!):

Thank you for downloading this file! I hope it can be useful to your family!
