

TYPES OF CLOUDS CRAFT

www.TheWiseNest.com

We made a little craft to help us remember and review some types of clouds. There are so many combinations of clouds that I decided to just pick a few of the clouds and just illustrate those.

There are two options in this file: cards to hang on a ribbon or a poster with boxes for each cloud. We chose to make the hanging cards on a ribbon.

Here's what we used:

Cirrus - white chalk

Stratus - cotton balls spread out

Stratocumulus - cotton balls spread out

Cumulus - equal parts of shaving cream and glue

Cirrocumulus - equal parts of shaving cream and glue

Cumulonimbus - equal parts of shaving cream and glue with a few drops of black paint.
